April 9, 2013

Dear Hunter Mill Friends,

The theme of Tuesday's Board of Supervisors meeting was definitely FY 2014 Proposed Budget. We held several public hearing on adjusting rates for some of our services and permits. We also held the first of three sessions to hear from residents and organizations on the budget proposal. While these sessions are long, I am always appreciative to see so many citizens become actively involved and expressing their opinions. If you haven't done so, you can still share your feedback and comments with the Board through the budget [on-line input form](#).

Coming up are several public meetings on the Silver Line Bus Service Plan that will go into service at the opening of the Wiehle Station. Fairfax Connector has organized meetings in the impacted jurisdictions so you can see bus route plans for your area and give your input. See the [Announcements](#) below for a listing of the planned meetings.
